PRESIDENT'S GREETING

Dear Colleagues,

I hope this letter finds you well and having enjoyed the end of the summer season. Thanks to all those who attended our first program in our new venue, as well as those who helped to arrange a wonderful start to our lecture series with the John McPhilemy Lecture. We were fortunate to have Dr. McPhilemy in attendance, with immediate past president Dr. Joseph Rosenblatt paying tribute to Jack's vast contributions to the landscape of orthopaedics in Philadelphia and beyond. Dr. Routman's presentation on the use of artificial intelligence in shoulder surgery was truly compelling and gave us all a glimpse into how this revolutionary technology is already impacting our field, as well as the opportunities it presents to us in the very near future.

Please accept this invitation to attend the 24th Annual Howard H. Steel Lecture on October 14. Dr. Steel, a native of the Philadelphia area and an icon in our field, has made innumerable contributions to the study and practice of orthopaedic surgery. We look forward to honoring his legacy with a presentation by the esteemed Dr. Martin Herman, interim chair and professor of Orthopaedic Surgery at Drexel University School of Medicine. Dr. Herman will be speaking about pediatric gun violence, a humbling topic that is sure to be both poignant and compelling. Please join us once again at The Pyramid Club, on the 52nd floor at 1735 Market Street, with the buffet beginning at 6pm and presentation to start at 7pm. We look forward to seeing as many of you as possible, so please encourage your colleagues to come and enjoy the unique tradition of the Philadelphia Orthopaedic Society!

Lastly, we are continuing to make efforts to expand our website and social media footprint, so please remember to send along any good news and accomplishments that we can use to highlight the amazing orthopaedic community we have here in Philadelphia. Thank you all once again for your continued support of Philly Ortho and see you on the 14th!

Warmest Regards,

Eric Levicoff, MD
President

PROGRAM CHAIR'S REPORT

Thank you to everyone who came out last month to our inaugural meeting in our new location at the Pyramid Club which was a huge success. This month we will be hosting the 24th annual Howard Steel lecture on October 14th. We are excited to welcome Dr. Martin Herman who will speak about “Pediatric Gun Violence”. Dr. Herman requires no introduction as he has spent his entire career providing top notch orthopaedic care to some of our most underserved populations of pediatric patients in Philadelphia at St. Christopher’s Hospital for Children. He has held numerous prominent academic and administrative appointments and has had an immeasurable impact on countless numbers of medical students and residents that he has trained through the years. He continues to serve a staple in the educational environment of orthopaedics in Philadelphia. We look forward to seeing you all in October.

Michael Messina, MD

OCTOBER MEETING

The Twenty-fourth Annual Howard H. Steel Lecture

Monday, October 14, 2024

6:00 p.m. Buffet • 7:00 p.m. Program
