PRESIDENT'S GREETING

Dear Colleagues,

Hello to all of you once again from the Philadelphia Orthopaedic Society! I hope this address, the final one of my tenure as President of the Society, finds you all well and enjoying what has been a beautiful spring thus far.

The month of May in the City of Brotherly Love means many things: flowers in bloom bringing vibrant colors around every corner, Citizens Bank Park coming alive, and **YES, THE ANNUAL SNYDER-GREGG RESIDENT BOWL!**

For our final program of the year, we are excited to honor both Dr. John R. Gregg and Dr. Barry J. Snyder, two fixtures of Philadelphia orthopaedics who have given so much time and energy to education and advocacy, locally and nationally, over many years of service. Always a fun and memorable event, this year's Resident Bowl will again be coordinated by Christina Gutowski and will feature one resident from each of the Philadelphia programs competing in a Jeopardy-style trivia contest. In addition to the trivia competition, we will also be recognizing the winner of the Slanga Resident Research Award, so please come and join us for this celebration of Orthopaedic excellence in Philadelphia.

As with all of our previous programs this year, the Resident Bowl will take place at The Pyramid Club, on the 52nd floor at 1735 Market Street on May 12, with the buffet beginning at 6pm and the competition to start at 7pm. Again, this is our last program of the 2024-25 cycle. I appreciate all of you attending and supporting our Society throughout the year, and hope as many of you as possible can attend, so please come and enjoy. It has been my privilege to serve you all in this capacity, and I look forward to seeing you all on May 12th!

Warmest Regards,

Eric Levicoff, MD, President

PROGRAM CHAIR'S REPORT

We have come to the final meeting of this academic year and the program really needs no introduction. On May 12th, we will be hosting the 24th annual Snyder/Gregg Resident Bowl. This is always a very exciting and engaging event in which we see a representative from each of the residency programs in the Philadelphia area face off in a challenge of the minds. Questions encompass a wide range of orthopaedic topics and are designed to establish a true champion of orthopaedic knowledge. This event has always been a ton of fun and continues to get better and better with Dr. Christina Gutowski recently taking over the lead and revamping the format into the current Jeopardy style that has been working out great. It is sure to be a great time with laughs, comradery, and genuine collegial competitiveness. See you all there!

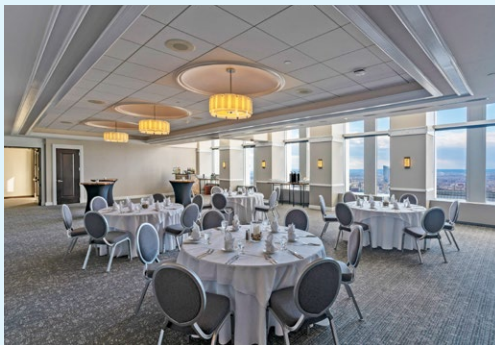

Michael Messina, MD
